

Quality policy

SeaBird Exploration is committed to continually improve services to our customers.

The Chief Executive Officer has overall responsibility for the quality of our seismic services.

Managers and supervisors are responsible for the implementation of the management system.

We shall:

- communicate this policy to everybody who contributes to our operations
- train all users of the management system to ensure they are competent
- comply with relevant laws, regulations and applicable codes
- meet or exceed our customers' requirements
- achieve and maintain ISO 9001 certification
- evaluate the effectiveness of the management system
- continually improve safety management skills of all personnel through measuring, auditing and reviewing.
